ESTABLISHED 1833.

FRIDAY EVENING, OCTOBER 29, 1886.

PRICE THREE CENTS

IT'S ALL RIGHT.

Indiana Good for 10,000 Democratic Plurality.

INDIANAPOLIS, Oct. 29.—Chairman Henderson, of the democratic state committee, says his party is "ready for the election. We have revised and corrected the poll books and think we are sure of 10,000 plurality on the state ticket. We will elect nine and perhaps ten congressmen. If the republicans have depended upon the still hunt, as they say they have, we will have 15,000 plurality.

The state committees are sending out the usual final circular letter of instruction, urging eternal vigilance, an early start on Tuesday morning and zeal in "rushing" the sick and stay-at-home voters. Chairman Henderson says that "while it has been customary for the republicans to accuse us of trailing along in their tracks, this year they have circulated verbatim copies of the democratic circular of 1884, with a single change of date and name." Both parties will endeavor to get out a large vote early.

The probabilities of the state campaign point to a vote of about 475,000. A proper comparison of the returns will be with the vote of Governor Gray in 1884. At democratic headquarters returns will be received on Nelson, candidate for lieutenant governor, and Miers, secretary of state. In 1884 Gray received a plurality of 7,392. There are over 1,700 precincts in this state.

Sudden Death.

MUNCIE, Ind., Oct. 29.—Last evening Mr. George Childs, a prominent farmer living a few miles southwest of this city, was found dead in his large chair by the family, who were out from home a short time. He was sitting by the fire, and his position indicated that he had died without a struggle. Heart disease is the supposed cause of his sudden death.

HALL, THE CROOK.

It is Probable that Captain Delhi's Man is a Warsaw Swindler.

It will be recalled that some time ago Capt. Hugh M. Deihl detailed Officer Bohle to arrest a man named Hall, wanted in Illinois for forgery. The fellow was caught, sent on for trial and this item from the Warsaw *Times* throws new light on his case: "A man who gave him his name as John C. Hall, was arrested at Fort Wayne last week on charges preferred against him by parties of Clinton, Ill. Hall's real name is said to be Charles B. Anderson. It seems that Hall has been engaged in forging schemes in Illinois and was about to commence his operations in this section. It is possible that this man Hall had anything to do with the forgeries for which V. T. Card is now in the penitentiary. At any rate there seems to be a Hall who has been engaged in forgery, and for whom the Illinois authorities have been looking for some time."

A Big Bank Failure.

LINCOLN, Ills., Oct. 29.—The Dustin bank failure assumes greater proportions. Dustin's Montana liabilities now reach \$95,000. His liabilities foot up over \$200,000, with only \$67,000 assets in sight. The loss to depositors is \$100,000 and falls with fearful effect. Dustin is preparing to assign and it is barely possible he will pay twenty-five cents on the dollar.

A Saloon Murder.

ST. LOUIS, Oct. 29.—Edward Blake, a saloonkeeper in East St. Louis, shortly before 1 p. m., to-day, shot and instantly killed, in a quarrel, Wm. O. Vandrough, an engineer on the Indianapolis and St. Louis railroad.

Weather Indications.

WASHINGTON, Oct. 29.—The weather indications are as follows: Kentucky, Indiana and Michigan—Fair weather, slightly warmer. Ohio—Fair weather, preceded by local rains in northern portion, slightly warmer.

DEMOCRATS BEWARE.

The republicans have nominated C. R. Higgins for county auditor, but they are seemingly urging, as a side issue, the candidacy of Mr. Wm. T. Abbott as an independent aspirant for the same place. The republicans know that Mr. Abbott cannot be elected, but they are conspiring and hope he will take enough democratic votes from Mr. Barney Neizer's party to elect Mr. Higgins. The *Standard* believes as democrat as

honest independent voter will be caught in this republican trap, set especially to catch democratic game. A hint at this conspiracy is sufficient to rally the great mass of voters of this county to Mr. Neizer's support. They know of his honesty, integrity and his great ability and fitness for the important office of auditor and all men can expect from him a thorough, economical and business-like administration. Democrats, be on your guard, not alone in Mr. Neizer's case, but watch and vote the straight ticket and you will not have cause to regret it.

CALL THEM IN.

Good Old Democratic Times Coming Again.

WASHINGTON, Oct. 29.—Secretary Manning this afternoon issued a call for \$10,000,000 3 per cent. bonds. The call will mature December 31.

London News.

LONDON, Oct. 29.—The statement that Lord Lytton would succeed Lord Lyons as British ambassador at Paris, was without foundation.

The London *Times* spitefully refers to the liberty celebration at New York.

Washington News.

WASHINGTON, Oct. 29.—The proceedings of the court martial convened in this city for the trial of Capt. Wm. S. Johnson, who was tried upon charges of duplicating his pay accounts and the court martial returned a verdict of acquittal, but Gen. Sheridan set the verdict aside.

Colonel Lamont said to-day it was not likely that the president would go to Buffalo to vote at the November election.

A postoffice in Dakota was to-day named after Sculptor Bartholdi.

Secretary Manning has assumed actual control of the treasury department for the first time since he was taken sick.

Over 400 Lives in Danger.

BOSTON, Oct. 29.—The steamer *Pavonia*, of the Cunard line, got ashore near Duxbury, in a thick fog last night. She lies in a very dangerous position. The *Pavonia* sailed from Liverpool for Boston on the 19th inst. She has six cabin, forty-two intermediate and 300 steerage passengers on board. A tug has gone to her assistance.

FROSTS!

The South Gets a Touch of the Autumn Blizzard.

NEW ORLEANS, Oct. 29.—A white frost is reported at all points along Mississippi sound and within ten miles of this city. At Baton Rouge the mercury fell to 40 degrees above zero yesterday. There was a killing frost at Jackson, Miss.

The Express Robbery.

ST. LOUIS, Oct. 29.—D. S. Frothingham, the Adams express messenger, has not yet been arrested, though he is accompanied wherever he goes by a detective, and the company is examining him.

J. B. Barnes, superintendent of motive power of the Wabash system, now gives official notice that T. D. Tyrell will take charge of the shops at Moberly, on the western division, November 1, under the title of acting master mechanician. Master Mechanic J. K. Lape being absent on sick leave.

CAPT. J. B. WHITE!

His Statement is Given Backed by Legal Talent, But No Law, No Reason, Or Proof Is Cited to Remove His Disability.

No bit of political news ever created the stir and sensation that THE SENTINEL's exposé of Capt. J. B. White's ineligibility to congress did last night. Crowds of men discussed it at all public places and continue to talk about it to-day on the street corners.

All the ingenuity of the republican managers could not shake THE SENTINEL's statement or remove the overwhelming proof against Captain White and up to date all efforts in that direction are in vain, although every republican and democratic lawyer opposed to Judge Lowry has been consulted. Here are the developments to-day:

CAPTAIN WHITE'S CARD.

To the Voters of the Twelfth Congressional District:

It has been falsely stated that I am not a citizen of the United States, and therefore, ineligible to fill the office of congressman. THIS IS A CAMPAIGN LIE; I AM A CITIZEN OF THE UNITED STATES, and eligible to the office, and will, if elected, perform its duties.

I ask my friends and supporters not to be deceived by campaign lies made and circulated by my opponents, in their desperation in the last days of the campaign. I caution you to beware of other false assertions and charges that will be made against me before the campaign closes, when I will have no opportunity to answer them. Respectfully yours,

J. B. WHITE.

Capt. J. B. White says in the above card:

"This is a campaign lie; I am a citizen of the United States and eligible to the office of congressman."

Mr. White, if you are "a citizen of the United States," show us your papers or direct us to the proof.

The plea that you were a soldier does not make you a "citizen of the United States" unless you have filed a "petition" or made application for such a privilege after leaving the army, as the law directs.

If you have made such an application, when and where? If there is a record or proof, produce it, and THE SENTINEL will make you as handsome an apology as was ever made to man. Until then, Captain White, we must insist that you are ineligible to the office of congressman and will continue to be ineligible for seven years after filing your final petition or making your last declaration.

THE LAWYERS' CARD.

FORT WAYNE, Ind., Oct. 29, 1886.

Upon facts as they have been stated to the undersigned, they have no doubt of Captain White's eligibility to a seat in the house of representatives of the congress of the United States, and that, should he be elected he will take and hold his seat. Signed by—John Morris, W. G. Colerick, L. M. Nunde, H. C. Hanna, John Morris, Jr., W. S. Oppenheim, J. B. Harper, Irwin Stratton, Sam'l L. Morris, Henry Colerick, W. J. Vesey, M. L. Graff, T. E. Ellison and A. Furman.

To be fair in this matter THE SENTINEL has published everything pertaining to Captain White's ineligibility to the office of congressman and accordingly we produce the above. It will be seen, and is a fact, that each and every gentleman named therein is opposed to Judge Lowry on political grounds, or for personal reasons, it is not necessary to mention here. It will also be noted that all this great array of legal talent do not present one reason for the faith that is in them or cite a single instance to prove, even remotely, that Captain White is eligible to the office of congressman.

THE SENTINEL representative has talked with almost all the democratic lawyers, friendly to Judge Lowry, and a number of attorneys independent in politics, as well as the judges of the courts, and all agree that Captain White is ineligible to a seat in congress, and say the law is so plain and open that no man can doubt it. Hon. R. C. Bell has given the question prolonged, careful and searching study and he, with all others, insists that Captain White must produce his last or final papers before he can lay the slightest claim to a legal seat in congress, and on the question of the captain's war record he says that it does not remove his disability unless he has filed his "final petition" after leaving the army as the law directs. These papers or proofs have not and can not be produced.

Captain White is not opposed because he is an alien, for Judge Lowry was also born across the water, in Ireland. No sir, Captain White is opposed on valid, reasonable grounds and no one ought to complain if he cannot prove his citizenship like Judge Lowry and a thousand other citizens of foreign birth.

No Pleuro-Pneumonia in Indiana,

WASHINGTON, Oct. 29.—The agricul-

tural department officials express the belief that reports of pleuro-pneumonia in Indiana are unfounded. No information tending to confirm the original reports has been received, and it is thought probable that the disease referred to was not of the character supposed.

STOCK WRECKS.

The Grand Rapids Road is Doing Schedule Business.

Tuesday night a Grand Rapids and Indiana freight train struck a cow at Monmouth, not far from Fort Wayne, and the trains were delayed several hours. Wednesday night the passenger train that left Richmond at 10 o'clock struck a horse at Johnson's station, near Portland, and the engine was thrown from the track, derailed trains all night. The snow had broken the wires, and no communication could be had with the wrecking party at Fort Wayne. The section hands succeeded, after hard work in pushing the wreck a little to one side, and thus the opposite train was able to pass. Nobody was hurt. It is next in order to strike a sheep.

The Ligonier Banner says: "Vote for Robert Lowry for congress. He fills the Jeffersonian requirement as to fitness, honesty and qualification. The vile manner in which he has been traduced and slandered prompts fair minded men of all parties to come to his support, in the interest of political decency. Democrats especially should make it a point to thus attest their devotion to the cause of common justice."

A Rome City correspondent says: "S. C. Lumbard, of Fort Wayne, caught nine large fine, black bass last Saturday on the west lakes.—S. W. Dodge, of Fort Wayne, in company with some Rome City gentlemen visited the west lakes Saturday last on a fishing and hunting excursion. The large amount of fish and game captured was the evidence of a grand good time they had, as usual the large one got away. 'Hang the luck,' was the expression used by the fellow who lost a twenty-pound bass."

The funeral of the late D. S. Keil took place yesterday afternoon from his late residence on East Berry street. Many of his old companions called to take a last look at their departed friend. At the grave the benediction was pronounced by Rev. McFarland and thus ended the last earthly rites of our former newspaper friend, Mr. David S. Keil. May it be well with you on the other shore.

The democratic tickets that have been sent out by the friends of Captain J. B. White have Dr. Dunnin's name on instead of Stellhorn's for coroner. We hope democrats will look to this matter. Vote for H. F. Charles Stellhorn, Dr. Dunnin having withdrawn from the ticket.

IT'S ALL RIGHT.

Indiana Good for 10,000 Democratic Plurality.

INDIANAPOLIS, Oct. 29.—Chairman Henderson, of the democratic state committee, says his party is "ready for the election. We have revised and corrected the poll books and think we are sure of 10,000 plurality on the state ticket. We will elect nine and perhaps ten congressmen. If the republicans have depended upon the still hunt, as they say they have, we will have 16,000 plurality.

The state committees are sending out the usual final circular letter of instruction, urging eternal vigilance, an early start on Tuesday morning and zeal in "crushing" the sick and stay-at-home voters. Chairman Henderson says that "while it has been customary for the republicans to accuse us of trailing along in their tracks, this year they have circulated verbatim copies of the democratic circular of 1884, with a single change of date and name." Both parties will endeavor to get out a large vote early.

The probabilities of the state campaign point to a vote of about 475,000. A proper comparison of the returns will be with the vote of Governor Gray in 1884. At democratic headquarters returns will be received on Nelson, candidate for lieutenant governor, and Miers, secretary of state. In 1884 Gray received a plurality of 7,392. There are over 1,700 precincts in this state.

Budden Death.

MURKIN, Ind., Oct. 29.—Last evening Mr. George Childs, a prominent farmer living a few miles southwest of this city, was found dead in his large chair by the family, who were cut from home a short time. He was sitting by the fire, and his position indicated that he had died without a struggle. Heart disease is the supposed cause of his sudden death.

HALL, THE CROOK.

It is Probable that Captain Deihl's Man is a Warsaw Swindler.

It will be recalled that some time ago Capt. Hugh M. Deihl, detailed Officer Robt. to arrest a man named Hall, wanted in Illinois for forgery. The fellow was caught, sent on for trial and this item from the Warsaw Times throws new light on his case: "A man who gave his name as John C. Hall, was arrested at Fort Wayne last week on charges preferred against him by parties of Clinton, Ill. Hall's real name is said to be Charles B. Anderson. It seems that Hall has been engaged in forging schemes in Illinois and was about to commence his operations in this section. It is possible that this man Hall has anything to do with the forgeries for which V. T. Card is now in the penitentiary? At any rate there seems to be a Hall who has been engaged in forgery, and for whom the Illinois authorities have been looking for some time."

DEMOCRATS BEWARE.

The republicans have nominated C. R. Higgins for county auditor, but they are seemingly urging, as a side issue, the candidacy of Mr. Wm. T. Abbott as an independent aspirant for the same place. The republicans know that Mr. Abbott cannot be elected, but they are conspiring and hope he will take enough democratic votes from Mr. Barney Neizer's party to elect Mr. Higgins. The republicans believe no democrat or

honest independent voter will be caught in this republican trap, set especially to catch democratic gains. A hint at this conspiracy is sufficient to rally the great mass of voters of this county to Mr. Neizer's support. They know of his honesty, integrity and his great ability and fitness for the important office of auditor and all men can expect from him a thorough, economical and business-like administration. Democrats, be on your guard, not alone in Mr. Neizer's case, but watch and vote the straight ticket and you will not have cause to regret it.

CAPT. J. B. WHITE!

His Statement is Given Backed by Legal Talent, But No Law, No Reason, Or Proof Is Cited to Remove His Disability.

No bit of political news ever created the stir and sensation that THE SENTINEL'S expose of Capt. J. B. White's ineligibility to congress did, last night. Crowds of men discussed it at all public places and continue to talk about it to-day on the street corners.

All the ingenuity of the republican managers could not shake THE SENTINEL'S statement or remove the overwhelming proof against Captain White and up to date all efforts in that direction are in vain, although every republican and democratic lawyer opposed to Judge Lowry has been consulted. Here are the developments to-day:

CAPTAIN WHITE'S CARD.

To the Voter of the Twelfth Congressional District:

It has been falsely stated that I am not a citizen of the United States, and, therefore, ineligible to fill the office of congressman. This is a campaign lie; I AM A CITIZEN OF THE UNITED STATES, and eligible to the office, and will, if elected, perform its duties.

I ask my friends and supporters not to be deceived by campaign lies made and circulated by my opponents, in their desperation in the last days of the campaign. I caution you to beware of other false assertions and charges that will be made against me before the campaign closes, when I will have no opportunity to answer them. Respectfully yours,

J. B. White.

Capt. J. B. White says in the above card:

"This is a campaign lie; I am a citizen of the United States and eligible to the office of congressman."

Mr. White, if you are "a citizen of the United States" show us your papers or direct us to the proof.

The plan that you were a soldier does not make you a "citizen of the United States" unless you have filed in "petition" or made application for such a privilege after leaving the army, as the law directs.

If you have made such an application, when and where? If there is a record or proof, produce it, and THE SENTINEL will make you handsome an apology as was ever made to man. Until then, Captain White, we insist that you are ineligible to the office of congressman and will continue to be ineligible for seven years after filing your final petition or making your last declaration.

THE LAWYERS' CARD.

FOUR WAYNE, Ind., Oct. 29, 1886.

Upon facts as they have been stated to the undersigned, they have no doubt of Captain White's ineligibility to a seat in the house of representatives of the congress of the United States, and that, should he be elected he will take and hold his seat. Signed by—John Morris, W. G. Collier, L. M. Nindo, H. C. Purman, John Morris Jr., W. S. Oppenheim, J. B. Harper, Irvin Stratton, Sam'l L. Morris, Henry Colcock, W. J. Vesey, M. L. Grah, T. E. Miller and A. A. Purman.

To be fair in this matter THE SENTINEL has published everything pertaining to Captain White's ineligibility to the office of congressman and accordingly we produce the above. It will be seen, and is a fact, that each and every gentleman named therein is opposed to Judge Lowry on political grounds, or for personal reasons, it is not necessary to mention here. It will also be noted that all this great array of legal talent do not present one reason for the faith that is in them or even a single instance to prove, even remotely, that Captain White is eligible to the office of congressman.

THE SENTINEL representative has talked with almost all the democratic lawyers, friendly to Judge Lowry, and a number of attorneys independent in politics, as well as the judges of the courts, and all agree that Captain White is ineligible to a seat in congress, and say the law is so plain and open that no man can doubt it. Hon. R. C. Bell has given the question prolonged, careful and searching study and he, with all others, insists that Captain White must produce his last or final papers before he may file his slight claim to a legal seat in congress, and on the question of the captain's war record he says that it does not remove his ineligibility unless he has filed his "final petition" after leaving the army as the law directs. These papers or proofs not and can not be produced.

Captain White is not opposed because he is an alien, for Judge Lowry was also born across the water in Ireland. No sir, Captain White is opposed on valid, reasonable grounds and no one ought to complain if he cannot prove his citizenship like Judge Lowry and a thousand other citizens of foreign birth.

NO PLEURO-PNEUMONIA IN Indiana.

WASHINGTON, Oct. 29.—The agricul-

tural department officials express the belief that reports of pleuro-pneumonia in Indiana are unfounded. No information tending to confirm the original reports has been received, and it is thought probable that the disease referred to was not of the character supposed.

STOCK WRECKS.

The Grand Rapids Road is Doing a Schedule Business.

Tuesday night a Grand Rapids and Indiana freight train struck a cow at Mountaine, not far from Fort Wayne, and the trains were delayed several hours. Wednesday night the passenger train that left Richmond at 10 o'clock struck a horse at Johnson's station, near Portland, and the engine was thrown from the track, detaching train all night. The snow had broken the wires, and no communication could be had with the wrecking party at Fort Wayne. The section hands succeeded, after hard work in pushing the wreck a little to consist, and then the opposite train was able to pass. Nobody was hurt. It is next in order to strike a sheep.

"WE TOLD YOU SO."

A few days ago, when you were back in the sun of Indian Summer, and congratulating yourselves that a Indian summer was warm enough to keep the chill from your bones, THE SENTINEL told you that in a few days you would be back in a hot east stove to warm the marrow in your spinal column. You didn't take my advice, then, and now you are suffering the consequences. Happily it is not yet too late. Go at once to the "Original Pete," confess your sin of omission, buy a new warm overcoat at about half its real value, put it on and be happy. argument, except personal efforts, is over, now is the time to make such arrangements as will insure the pulling of a full vote. If that is done there will be a signal democratic victory won on the second of November.

CAIT. J. B. WHITE.

All through this campaign THE SENTINEL has advanced the cause of democracy in a manner to convince people that it merited their suffrage. We have espoused its candidates warmly, honorably and with an increasing constancy, feeling that their triumph was for the best interests of the people. At no time have we dealt unfairly with the gentleness opposed to our political faith, nor have we attempted to profit at the expense of their good name or character, believing, as we do, that no one but a rascal is swayed by rascally methods, one but a falsifier attributes that sin to others or is strengthened by untruth, and no one but a brat rejoices at brutality. Therefore, let no man impugn our motives without knowing our regard for him.

Capt. J. B. White was apprised of his ineligibility to a seat in congress by a sentinel representative and another gentleman before a word was in type or print about it. He was informed that the records were searched with unerring care. He was acquainted with all laws and precedents bearing directly or indirectly on his case and was made aware that unless he explained away or removed the legal or constitutional impediment he could not sit in congress were he fortunate enough to receive every vote cast in this district.

First, an alien who aspires to a seat in congress must have taken out his "first papers" declaring his intention to subsequently become a citizen of the United States. Survived in the axay is alone equivalent to first papers, as the fact of a man taking up arms for a country is pretty conclusive evidence that he intends to make it the land of his adoption, but service in the army is only equal to first papers, as the laws plainly provide that he must, to become a "full-fledged" citizen, thereafter make an oath of final allegiance, and only seven years after that final declaration can he sit in congress.

Captain J. B. White has not proven to us by a single instance that he has made his second or final declaration of allegiance to the United States. It is not a matter of record, nor can Captain White himself, we believe, prove full citizenship. This is why THE SENTINEL gave the facts to the voters that they may know the truth and vote accordingly. We do not anticipate that Judge Lowry will be returned to congress by acclamation as there is sufficient time for other action, but we do believe that a vote for the "full-blown in the moon" amounts to as much as a vote for Captain White, as far as any possibility of his over-sitting in congress is concerned.

While himself, we believe, prove full citizenship. This is why THE SENTINEL gave the facts to the voters that they may know the truth and vote accordingly. We do not anticipate that Judge Lowry will be returned to congress by acclamation as there is sufficient time for other action, but we do believe that a vote for the "full-blown in the moon" amounts to as much as a vote for Captain White, as far as any possibility of his over-sitting in congress is concerned.

DEMOCRATS, see that your neighbors vote. A neglected vote is a vote against us.

EVERY man on the democratic ticket will be elected and do not forget it for a minute.

LET these who attempt to buy votes next Tuesday be promptly arrested and prosecuted.

The republican party has defined no living issue before the people. It has doled all of them.

WHEN you vote the democratic legislative ticket, you vote for a democratic United States senator.

DEMOCRATIC is well enough in its way, but a vote in the ballot box is worth two in the trash.

JUDGE Lowry would have been elected to congress in any event and will be elected now in spite of republican boasts.

Vote for J. M. Barrett, Col. I. B. McDonald, B. F. Hatch, W. H. Shamrock and Austin M. Darragh for the state legislature, and Allen county will always be proud of her work.

MR. Henry Hartman is one of the best and most careful commissioners that ever served the county. He is a right man for the place and a vote for him is as good for a square, honest man.

ISAAC Nowrider can be trusted to handle the county finances as safely as a bank.

He is clean, honorable and a man of ability. Every tax payer can expect from him an admirable administration.

Milt M. Thompson, the brave soldier, will cherish and watch the records and affairs of the recorder's office as faithfully as he did the cause of his country.

Vote for him for a democrat who will serve the people well and faithfully.

DR. George W. Loag will make an able, competent county clerk. He is always accommodating, clever and friendly. A vote for him is a vote for a good man and a democrat who will serve the people well and faithfully.

DEGROFF Nelson has made an untiring, active and most acceptable sheriff, willing all hours of the day and night to serve the people. Now let the people, do him honor and re-elect him by a strong majority. He will merit the compliment.

Vol. for Hon. Robert Lowry, who has

represented this district as ably as the brightest men in congress and has won fame and favor for his constituents. He is in the zenith of his power and exerts an influence in the administration second to none in Indiana. Send him back to the field of his usefulness with greetings from the democrats of old Allen in President Cleveland.

HO. S. M. HENCH, the candidate for judge of the superior court, is a self-made man and came to this city in 1861, commencing work in Schneider's carpenter shop, on Broadway, when he was only about seventeen years of age. He afterwards worked in the Pittsburgh shops. In 1864 he enlisted in the army to fit the quota of Wayne township. For more than fifteen years he has supported his invalid parents in Poor Royal, Pennsylvania, and with what money he could spare has assisted in the education of several members of his family. By sober and industrious habits and by the strictest economy, he saved enough money to educate himself. These are the kind of men that deserve your votes.

Superior Court Expenses.

We give below a tabular statement of the actual court expenses of the superior and circuit courts.

Warrants drawn on treasurer for county purposes were as follows:

CIRCUIT COURT.

Jurors.....\$2,410.25

Bailiffs.....559.98

Warrants drawn on treasurer for county purposes were as follows:

SUPERIOR COURT.

RECAPITULATION.

Circuit court expenses.....\$5,762.18

Superior court expenses.....\$4,656.02

Bail, in favor superior court.....1,109.21

So it will be seen that the actual court expenses of the superior court is one thousand one hundred and nine dollars and eleven cents less for the year ending June 1, 1886, than the expense account of the circuit court.

Judge Hinch first took the bench in the superior court on or about the 13th day of November, 1881. At that time there were 215 cases on his docket for trial. Since that about 600 new cases, including the ditch cases have been filed and at the present time there are only ninety-three cases pending for trial in this court.

We do not make these statements to injure Judge O'Rourke, because it is well known that he uses great economy in the management of the business in his court, and that he keeps the expenses down as low as can be done, but when a defeated candidate for office to file falsehoods for the purpose of injuring politically the present judge of the superior court, it is due to the people of the county that the truth be made public.

DEMOCRATS, vote for Judge Hinch, and don't be deceived by falsehoods and statements of disappointed persons.

Millions use Dr. Bull's Cough Syrup, 25 cents.

No housewife can afford to be without it. We have used Salivation Oil in our studies and can say it's the best and cheapest liniment we have ever had.

The Ligonier Banner says: "VOTE for Robert Lowry for congress. His fills the Jeffersonian requirements as to fitness, honesty and qualification. The same manner in which he has been traduced and slandered prompts fair minded men of all parties to come to his support, in the interest of political decency. Democrats especially should make it a point to thus attest their devotion to the cause of common justice."

A Romeo City correspondent says: "S. C. Lombard, of Fort Wayne, caught nine large fine, black bass last Saturday on the west lakes.—S. W. Dodge, of Fort Wayne, in company with some Romeo City gentlemen visited the west lakes Saturday last on a fishing and hunting excursion. The large amount of fish and game captured was the evidence of a grand good time they had. As usual the large one got away. 'Hanging the hook,' was the expression used by the fellow who lost a twenty-pound bass.

The funeral of the late D. S. Keil took place yesterday afternoon from his late residence on East Berry street. Many of his old companions called to take a last look at their departed friend. The press of the city was largely represented. Drs. Moffat and McFarland conducted the religious ceremony and Messrs. Zarrella and Long sang two very appropriate pieces from the Gospel Hymns. At the grave the benediction was pronounced by Rev. McFarland and thus ended the last earthly rites of our former newspaper friend, Mr. David S. Keil. May it be well with you on the other shore.

The democratic tickets that have been sent out by the friends of Captain J. B. White have Dr. Dimeen's name on it instead of Stellhorn's for coroner. We hope the democrats will look to this matter. Vote for H. E. Charles Stellhorn, Dr. Dimeen having withdrawn from the ticket.

Hon. Robert Lowry will be elected by over one thousand majority in this district, and if democrats do their duty, it will be over two thousand.

Democrats do not be disengaged. Hon. Robert Lowry will be elected to congress. They may run, charge and bluster, but they can't keep it. We say now, Mr. Kicker, prepare to take your medicine.
